## • HACKSAW BLADE FROM SWEDEN •

**SKARPFLEX Hacksaw Blade** is a product that comes from Sweden, with high performance and high quality that has been tested. With stable cutting, has a high degree of flexibility and can be used on iron, steel, stainless, plastic and wood.

	<b>18-TPI</b>	<b>Size :</b> 300 mm x 12,5 mm x 0,6 mm 12" x 1/2" x 0,025" (Inch)
	<b>24-TPI</b>	

**SKARPFLEX Hacksaw Blade** made from rear HSS BI-METAL which is very strong and flexible.

**HSS BI-METAL** are bonded to the high-strength carbon steel base. Blades with Bi-Metal are better in order to speed cutting and durability than non-bimetal blades
